NORTHERN MARIANAS SPORTS ASSOCIATION

2024 ANNUAL REPORT

INTRODUCTION

It was another busy and productive year for NMI sports, as local, regional, and international competitions made our athletes and officials very active in 2024.

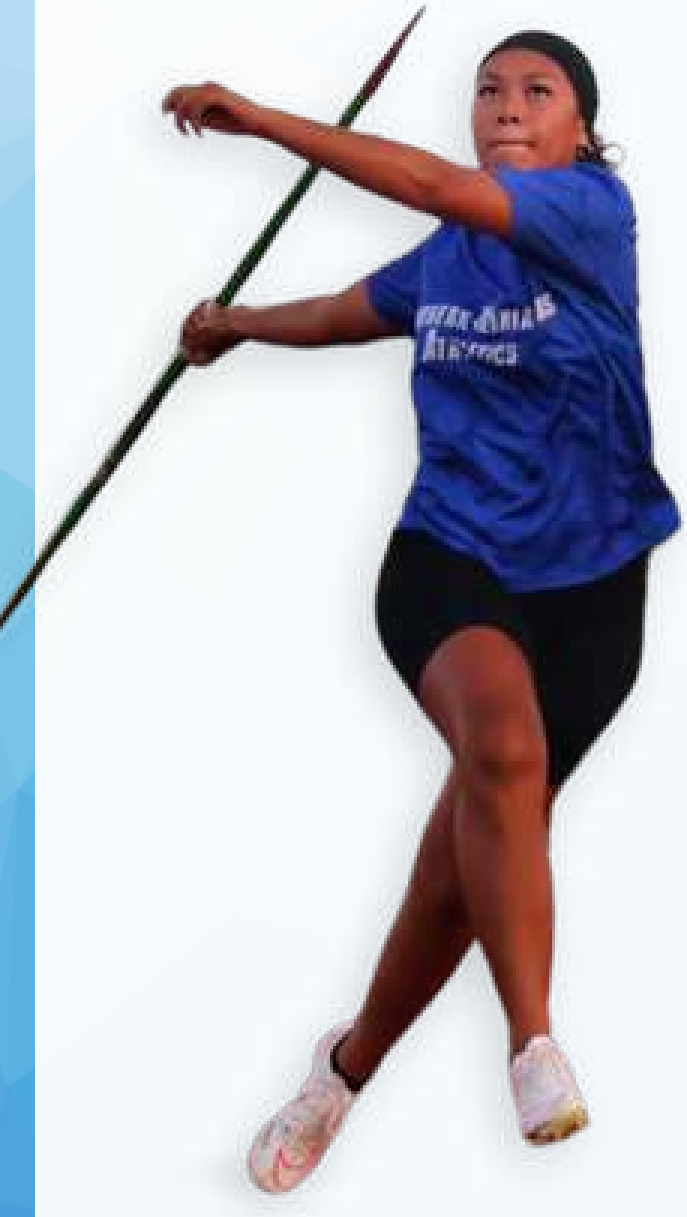

The highlight of the year was the NMI's historic triumph in the 2024 Micronesian Games held in the Marshall Islands. Team Marianas topped the final medal standings with its 70-23-29 gold-silver-bronze tally for a total of 122 medals. The 70-gold medal haul of the NMI is a new record in the history of the Micro Games, and it won medals in all 8 sports it participated in.

The NMI Swimming Team shined the brightest among the squads that represented the NMI in the 2024 Micro Games with its 49 gold medals, while tennis, athletics, weightlifting, and wrestling teams also contributed to NMI's gold medal rush in Majuro.

In the international level, NMI athletes were also on top of their game with the NMI Women's National Tennis Team debuting in the 2024 Billie Jean King Cup and ruling the Asia/Oceania Group III event held in Bahrain. Also in Bahrain, the NMI Men's Team participated in the Davis Cup for the first time and reached the finals of the Asia/Oceania Group IV.

In athletics, NMI sent representatives to world championships in Serbia, Peru, and Scotland, and in regional tournaments in Fiji and Japan. Swimmers also had appearances in world championship events and regional tournaments on Qatar, Hungary, Japan, and Australia. Badminton also made it to the world stage, as it debuted in the Badminton World Federation World Junior Championships in China, while it also sent a team in a Pacific U17 Invitation Challenge in Australia. Basketball sent athletes to FIBA Asia Cup in Singapore and FIBA 3x3 High Performance Program in Australia.

2024 ANNUAL REPORT

The NMI Women's U17 National Team played in the East Asian Football Federation U15 Championships in China, while the Men's U17 and U20 Teams competed AFC U17 and U20 Asian Cup 2025 Qualifiers, which were both held in Kuwait.

Also getting a taste of high-level competitions off-island were the NMI weightlifters, who joined the Oceania Weightlifting Championships in New Zealand and the International Weightlifting Federation World Championships in Bahrain.

For the local competitions, the NMI had them all in 2024, from open tournaments to our strong and growing interscholastic programs. Athletics, badminton, basketball, volleyball, football, and va'a federations, in partnership with the CNMI Public School System' Athletic Department and the Northern Marianas Sports Association, continues to offer interscholastic programs for elementary, middle school, and high school students.

Other sports federations were also very active with their respective programs, catering to both youth and adult participants.

The continued growth of the interscholastic sports program is a big boost to our grassroots, giving us hope and confidence in developing more athletes for future competitions and in encouraging our community to live an active and healthier lifestyle through involvement in sports.

ACTIVITIES IN 2024

The Northern Marianas Sports Association and its member-federations' 2024 calendar was full, as we hosted many local competitions and NMI athletes participated in regional and international tournaments across the globe.

OUTCOMES IN 2024

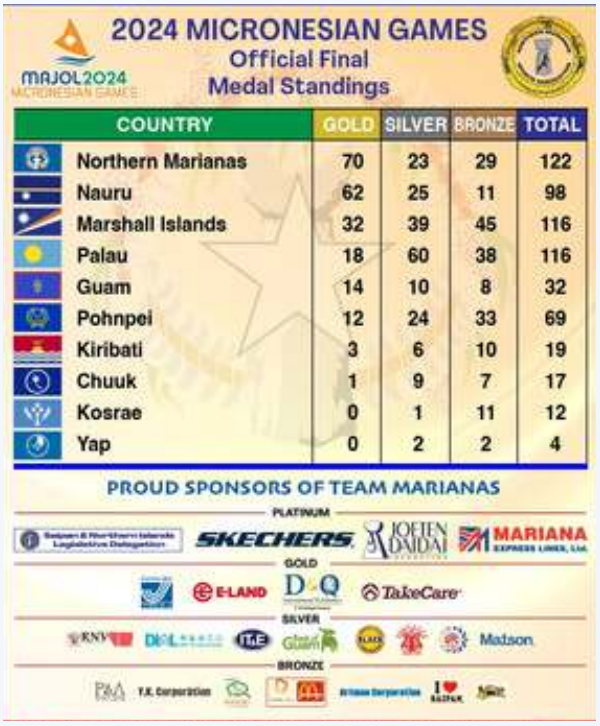

The NMI recorded its best performance in the history of the Micronesian Games following its 122-medal haul in the 2024 Micronesian Games in the Marshall Islands.

The islands also continued to be represented on the world stage, providing our athletes and coaches the rare opportunity to compete against the best in the world and showcase their athletics skills.

Partnerships with other stakeholders in NMI sports resulted to the continued growth of the interscholastic and grassroots sports programs and the offering of various sports programs for different age groups and skill levels.

In 2024, the NMI also hosted teams from different countries, contributing to the islands' sports tourism campaign. Badminton alone brought nearly 200 athletes and officials from 19 countries with the staging of Badminton World Federation-sanctioned events for about two weeks. The Micronesian Cup Outrigger Canoe Races was participated in by more than 20 clubs from Guam, Palau, and the Marshall Islands, while Northern Marianas Athletics teamed up with the Marianas Visitors Authority for the Saipan Marathon, that drew more than 400 runners.

MILESTONES & BEST PRACTICES

The NMI broke the record in the most medals won by any participating country/state in the history of the Micronesian Games. Team Marianas topped the medal tally for the first time since 2002 and collected its most medals (122) in the regional event.

In other competitions, NMI made history by participating in both Davis Cup and Billie Jean Cup as one nation. Before, NMI tennis players represented the Pacific Oceania Team. Badminton also had its first BWF World Junior Championships appearance in the tournament hosted in China. Additionally, the Northern Marianas Badminton Association became the first sports federation in the NMI to win an award from a world governing body when the NMBA received the BWF Participation Award for its exceptional interscholastic program.

NMI athletes and officials' participation in off-island tournaments were made possible with the NMSA and the National Federations' partnership with their respective international and continental federations as well as the strong relationships with private organizations. The NMSA and its member federations, for the last three years, has adopted the "shared responsibility" approach in all three big tournaments the NMI has competed in and that concept of seeking help/contributions—big or small—from every member of the community has been working well. Another key factor in the NMI's success in providing athletes more opportunities to compete is the availability of well-maintained sports facilities and other amenities, which are used year-round for both training sessions and competitions.

FACILITIES

The Northern Marianas Sports Association manages the Oleai Sports Complex, which houses a multi-purpose gymnasium, a track and field, and baseball and softball fields.

Continued improvements and maintenance work are performed to ensure the safety of the facilities' users and provide venues for trainings, competitions, and other related activities for athletes, coaches, and the general public. In December 2024, two LED screens were installed at the Gilbert C. Ada Gymnasium, while improvement work was also done at the Miguel "Tan Ge" Basa Pangelinan Softball Field.

CHALLENGES IN 2024

Funding is always a challenge for a non-profit organization like the Northern Marianas Sports Association, as it strives to support as many athletes and officials as possible every time there are competitions.

Fortunately, through the generosity of various companies and organizations on and off-island and the support of the NMI community, we are able to navigate through this challenge and provide the much-needed assistance for athletes and officials.

Another challenge, which we welcome, is accommodating various sports and community activities at our facilities. As more and more sports organizations are getting active and growing their program, there is also a growing need for venues.

The NMSA manages the Oleai Sports Complex, which houses a track and field facility, softball/little league field, baseball field, and multi-purpose gymnasium, and with the interscholastic program very active along with other sports and non-sport organizations, it has been a challenge to schedule events.

ACKNOWLEDGEMENTS

The NMI sports' success in 2024 was a product of collaboration among our stakeholders. From ordinary residents to established businesses/organizations, individuals and groups made contributions to our athletes' triumphs.

The Northern Marianas Sports Association and its member national federations are deeply grateful for this strong support that allowed us to reach milestones amid the many challenges we faced in 2024. Gratitude also goes to the hardworking officials and members of the NMSA Board of Directors for their leadership. *Dangkulo na si yu'us ma'åse yan olomwaay* to all our valued partners.

CONCLUSION

More than the medals won and records broken, what makes the Northern Marianas Sports Association and its member national federations more proud in 2024, in the past several years, and the years to come is having sports as a platform for providing life-changing opportunities to athletes and coaches, for building character and skills, and for encouraging our community to live an active and healthier lifestyle.

As we continue to offer programs for all age group and skill levels, we are building a strong sports culture that brings a lot of benefits to our community.

We look forward to more milestones and worthwhile activities for our stakeholders and valued partners and are excited to showcase our athletes skills in the 2025 Pacific Mini Games in Palau.
